

Sinclair Broadcasting is using our airwaves - which belong to the people of the United States - free of charge and to their own profit.  
It is unconscienable that you should allow their use to promote shameless political propaganda.  
The spirit of democracy is suffering already from the self-serving monopoly of the airwaves by a few large corporate media owners  
It is nearly impossible to get thorough, unbiased news coverage on radio or TV.  
Please do not  
compound this disgrace by allowing Sinclair to require its stations to show 'Stolen Honour' - a direct attack against  
Senator Kerry.
